Authentic Philadelphia Food

Philly's Best cheesesteaks and hoagie sandwiches are prepared in the traditional Philadelphia style using only the freshest ingredients. In fact, we use only genuine Amoroso® rolls shipped directly from Philadelphia to give customers that truly authentic taste. They can also enjoy Frank's® Black Cherry Wishniak soda or a PA Dutch Birch Beer and Wise® Potato Chips with their sandwich. And to top it off, they'll be delighted to try Tastykakes® straight from the City of Brotherly Love.

The True Philadelphia Experience

Philly's Best mission is to create the authentic Philadelphia cheesesteak and hoagie experience across the United States. It starts the moment you walk into the restaurant and see images of Philadelphia. From beautiful pictures of the city skyline, to photos of Philadelphia sports teams — the Phillies, Flyers, Sixers and Eagles - authentic Philly sights line the walls of every Philly's Best location. Newspaper clippings about famous Philly sports moments or entertainers add to the neighborhood cheesesteak shop ambiance.

Entering a Philly's Best Cheesesteak and Hoagie Shop immediately transports customers East to the corner cheesesteak shop. The mouth-watering aroma of grilling onions and thinly-sliced steak

cooking on the grill engages their attention. The sounds of sizzling onions and steak, the sight of cooks chopping meat on the grill and of rolls warming over grilled steak quickly sends salivating customers into sensory overload. Adding freshly melted white American cheese or sliced Provolone topped off by a heaping spatula of grilled onions will deliciously satisfy the pangs of the hungriest customer.
